I understand that for the above checked amount, I will lease a 64 gallon pink trash cart from Recology. All funds go directly to support Pink October benefitting Geweke's Caring for Women Foundation. At the end of my year lease, I will be notified in regards to supporting again or picking the trash cart up and replacing with my previous grey cart.

I understand that I will have an additional 50¢ to 55¢ billing per month on my Recology bill due to increase in can size (if not already at 64 gallon cart size).
